PROJECTS

Small Town Website

Redesigned the website of the town in which I reside. My redesign provides increased functionality and improved organization.

Key Tools Used

GitHub
Visual Studio Code
Chrome Developer Tools
AWS API Gateway
Adobe Photoshop
AWS Lambda

SUMMARY

I am self-motivated and have a resourceful and tenacious approach to Web Development. My objective is to create feature-rich web content using past experiences in layout, design and journalism coupled with newly acquired skills in JavaScript, HTML and CSS. I am interested in a challenging position offering new learning opportunities to build upon my skill.

EDUCATION

Certification: Web Development | GPA: 3.7

Delaware County Community College | Media, PA

Expected completion: December 2024

Certification: Technical Writing

Wesley College | Dover, DE

Certification: PC Technologies

Computer Learning Center | Philadelphia, PA

Bachelor of Art: Journalism

Delaware State University | Dover, DE

WORK EXPERIENCE

Inventory Management

Compass Two, LLC

2018 - Present | Hilliard, OH

Improved operations by introducing a revised storage system, resulting in increased capacity and shorter fulfillment times, to schools within the Springfield School District.

Online Retailer

Iron In The Fire, LLC

2017 - 2018 | Morton, PA

Managed a group of online stores, using the Shopify ecommerce platform. I promoted these websites through integration with social media and creating useful blog content.

Marketing Specialist

Chronos Solutions

2010 - 2016 | Coppell, TX

Supported online sales of government-owned real estate by creating digital profiles for each property.
