Morton, PA Q

I am self-motivated and have a resourceful and tenacious approach to Web Development. My objective is to create feature-rich web content using past experiences in layout, design and journalism coupled with newly acquired skills in JavaScript, HTML and CSS. I am interested in a challenging position offering new learning opportunities to build upon my skill.

PROJECTS

WORK EXPERIENCE

Small Town Website

Redesigned the website of the town in which I reside. My redisign provides increased funtionalty and improved organization. **Inventory Management** Compass Two, LLC 2018 - Present | Hillard, OH

Improved operations by introducing a revised storage system, resulting in increased capacity and shorter fulfillment times, to schools within the Springfield School District.

Key Tools Used

GitHub Visual Studio Code **Chrome Developer Tools** Weather API

Adobe Photoshop

Online Retailer Iron In The Fire, LLC 2017 - 2018 | Morton, PA

Managed a group of online stores, using the Shopify ecommerce platform. I promoted these websites through integration with social media and creating useful blog content.

Marketing Specialist Chronos Solutions

2010 - 2016 | Coppell, TX

Supported online sales of government-owned real estate by creating digital profiles for each property.
